(Metro Washington/Baltimore – MidAtlantic Area)

**January 31, 2010**

**A word of caution: check with both the sponsor and the hosting facility** for Career Fairs and Open Houses **before leaving home**. Also, see *Special Notes* at the end of the listing for additional sponsors of Job Fairs across the nation and other relevant career and search web listings. This listing is a “pay it forward” contribution of my firm, D&A Industries, Ltd. When attending Career Fairs be sure to bring plenty of resumes, more than you plan to distribute. **When attending an Open House** be sure to bring a half-dozen copies of your resume. *Please feel free to forward this listing to others you feel can benefit from the information and ability to plan ahead.* If you would like to receive your own copy of the listing please request such at [jimditt@verizon.net](mailto:jimditt@verizon.net)

**Here are some the more popular sites for specific job search, career fairs, and career management information:**

For Job Seekers looking for pertinent, relevant terms for their resumes you might visit the Occupational Information Network's database of job descriptions at <http://online.onetcenter.org/help/online/tips>. There are descriptive terms for most of the standard career fields.

For companies that require security clearances it is strongly recommended that the following format be incorporated into your resume. In your "Heading" (your name, street address, city and telephone) be sure to show your e-mail address and your security clearance immediately below. These are the first two items

the recruiter and the company want to know whether at a job fair, when pulling your resume off the web or when you send your resume electronically, by fax or snail-mail.

Check [www.InformationCareers.com](http://www.InformationCareers.com) for IT opportunities outside of the areas requiring security clearances. More and more opportunities are being identified in Competitive Marketing, Information Management and

Knowledge Management fields. Currently those without clearances will need to show previously held positions that required a clearance. Check [www.IntelligenceCareers.com](http://www.IntelligenceCareers.com) for positions listings. The latest edition to this family of websites is [www.ThinkingJobs.com](http://www.ThinkingJobs.com), a site for opportunities that do not require a security clearance.

Another excellent resource for the Job Seeker is [www.careerxroads.com](http://www.careerxroads.com) for the quality information on web sites, and also for niche sites and the Nonprofit arena. A site for Technology Professionals that lists technical groups and their meetings, by geographic or subject area is [www.JobCircle.com/public/events](http://www.JobCircle.com/public/events).
